

## TEMPORARY INFORMATION

# BT Connector

The NorStone BT Connector is a Bluetooth HD transmitter and receiver that can send or receive music on all your compatible devices.

Small and discreet, it features the latest Bluetooth aptX (V 4.0) and also 3,5mm mini-jack AUX and optical inputs/outputs. Connect it to your TV and enjoy the sound from your Bluetooth speakers, or connect it to your Hifi system and send all your music from your smartphone, tablet or computer.
